the "Arbor"

1954

We, the Senior Class of Churchville - Chili Central School, are proud to present our 1954 edition of the "CREST"

DEDIC

Miss Bergin

The Senior class humbly dedicates the 1954 Edition of the Crest to Miss Bergin, who throughout our high school years, has so willingly assisted us in our many problems.

As our Junior and Senior Class advisor, Miss Bergin has been most understanding and sincere in all matters concerning us.

In dedicating this yearbook to you, we hope to show our heartfelt thanks for your untiring efforts to each of us.

IN ATION -

Mr. Flint

In appreciation of the able guidance lent us in our scholastic effort, we sincerely dedicate our 1954 edition of the yearbook to Mr. Flint.

We will never forget his dynamic personality which not only greatly aided us in our study of mathematics, but in personal endeavors as well.

Guiding us in our Freshman year, he willingly lent us his sage knowledge of past experience in assisting us in the first step of our journey through high school, a large part of the success of which we owe to him.

We hope that with this dedication we can help repay, at least in some small way, the great debt we owe to Mr. Flint and help to fix us in his memory as he always shall remain in ours.

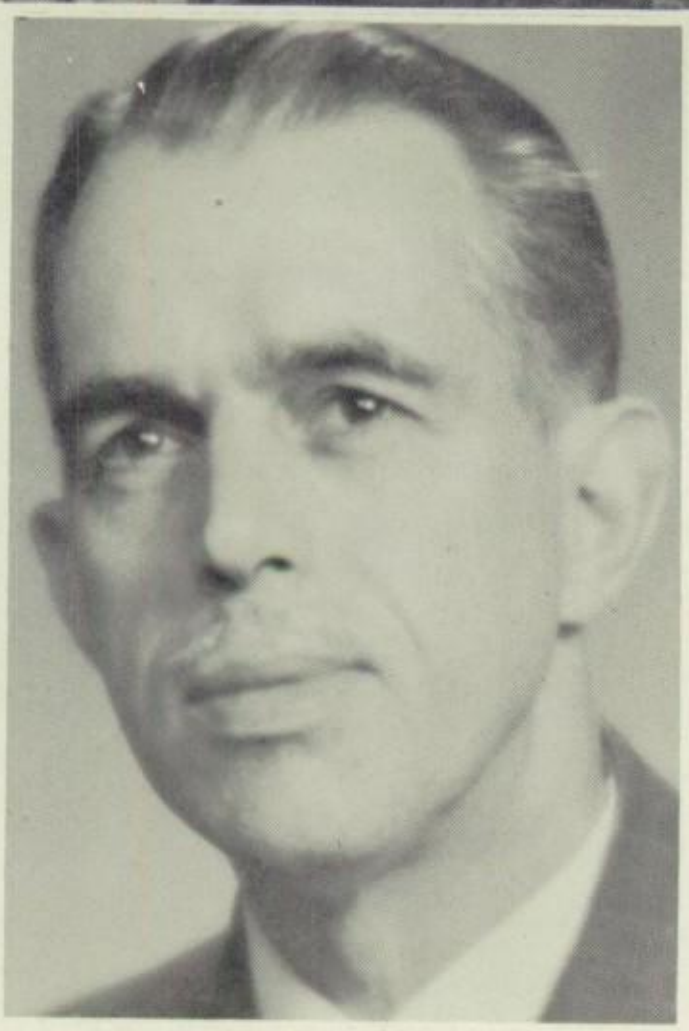
BOARD of EDUCATION

Standing, L. to R.: C. E. Olmsted, *Supervising Principal;* C. H. Parker, N. C. Cramer, P. J. Maier, J. H. Berle, M. D. Vail. *Seated:* H. Chamberlain, *Clerk;* H. W. Way, *President;* N. L. Egbert, *Vice-President;* M. E. Hoff, C. P. Johnson.



Mr. C. E. Olmsted

This year the Churchville-Chili "ship of education" has had at its helm the steadying hands of the members of the Board of Education. This group of nine men, elected by the voters of the district, has been of service both to the students of the school and the community in general. Their job has been a tremendous one this year, since they have been faced with the solution of our building need. However, on October 16th a proposition calling for the purchase of two sites and the erection of a 24 room elementary building won approval by the voters. Since that time, the board has been occupied with the purchase of these sites, preparing plans for the new building, and getting construction started.

It is hoped and expected that some of the new building, at least, will be ready for occupancy in the fall of 1955.

SENIOR HISTORY

As we started the first voyage through our high school years, under the leadership of Mr. Flint, we elected as officers: Don Collinge, president; Paul Lewis, vice-president; and Dick Eggleston took over our records and finances. Our representatives to our ship council were Donna Mae Boughner and Martin Abbert. We sponsored the movie "Chicken Every Sunday". All too soon our voyage was over.

Out to sea again, under the supervision of our co-captains Miss Welch and Mrs. Harter, we elected John Daycock as president, Dorothy Leibeck as vice-president, Gail DeBerger as secretary, while Dick Eggleston again took over our finances. We sponsored an exciting St. Patrick's Day Dance and had several parties. We ended up on shore with a picnic at Hamlin Beach State Park which successfully closed our second voyage.

Our crew again left land, as Miss Bergin and Miss Welch took over the helm. We chose as president, Mary Ann Gerace; vice-president, Dick Rush; secretary, Paul Lewis; and Paul Milley as treasurer. Our class rings were shipped to us by mid-season. Next in line was our dance "The Turkey-Trot" and then came the movie "Mother Was A Freshman." On deck we had a coronation ball and fun was had by all.

In our final and most rewarding voyage of our years, we pushed off shore under the guidance of Miss Bergin. On this voyage Paul Milley took over as president, Erich Steiner as vice-president, Gail DeBerger as secretary and Teddy Hoff as treasurer. Our movie "Good Humor Man" thrilled the crowds as did the "Fall Fling", our dance. In our last year on board we are looking forward to the Senior Ball, and last but not least the time when we must leave our dear old ship C. C. C. S.

PROFILES

Sailing the deep ocean in the year 2176, when pirates once again dominated the seas, Captain Bergin began to think about her old Class of '54. Turning to her parrot, who knew about everything that happened in the past, she asked him what became of her 40 mates. Captain Bergin listened excitedly while the parrot, gazing into the horizon, looked back upon her Class of '54.

Bill Murphy is a professor in a local University teaching plane geometry, he always was fond of math?????? Not far from the University is a famous motion picture studio and its owner and director is none other than Henry Snyder. His top-notch actor at the moment is Jim Coulson, who is constantly being bothered by flocks of women seeking his autograph. Rumors have spread that Jim's latest "flame" is an exciting T. V. model, June Mills; however, her attentions are directed to the noted English Channel swimmer, Greig Peckham. Bradford Cowie has top-billing in an auto race track. He's chief maniac driver and has recently won the title of "Mr. Maniac of 2176." Dorothy Leibeck is now a "Prima Ballerina" and on tour in the Belgium Congo. Darryl Rusk and Ronnie Schur are stars on the children's radio program, "Let's Pretend." Ann Morgan is also doing radio work, she's chief flap-jack flipper on "The Aunt Jemima Hour" . . . . . Paul Milley finally reached his goal as president of alcoholics anonymous, natch, what else? . . . . . The last we heard of Pat Lins, she had enlisted with the women's branch of the French Foreign Legion and was stationed in Hong Kong . . . . . Larry Beamen is a well-known surgeon and for conveniences sake – Martin Abbert operates his funeral parlor downstairs from Larry's office . . . . . Gail DeBerger has made her fortune training African monkeys for organ grinders . . . . . Doris Carmer is busy licking stamps for the fan mail of Gerry Bound, who holds the women's National Wrestling Title as "Miss Muscle Bound" . . . . . Larry Wheeler has a magnificent Civil Service job–he's dog catcher for the town of Chili . . . . . Helen Hart is happily married and raising a family, which is, by the way, on the new T. V. program "Cheaper by the Dozen" . . . . . John O'Brien has just published a series of essays on the subject, "It Pays to be Ignorant" . . . . . Marilyn and Shirley Adams are both detectives; Marilyn in a sausage factory looking for missing "links" and Shirley in a doughnut kitchen looking for holes in doughnuts . . . . . John Daycock has just become the first male president of the W. C. T. U.–Oh well, jobs are scarce all over . . . . . Esther Sherwood is Tarzan's leading lady in the new hit movie, "Tarzan Goes Ape in Sherwood Forest." Wayne Burlingame is starred in the same picture playing "Chita's Mate" . . . . . Virginia Burns is on tour with "Romanov's Rip-Roaring Rooting Tooting Rodeo" and is chief "Bronco Buster"–let's hope she doesn't fall off any more horses . . . . . Bill McNees, we are all sorry to say, is serving a short jail term for running off with a pound of pig's feet while employed in a meat market . . . . . Mary Ann Gerace, after her 7th unsuccessful engagement, joined and became leader of the O. M. S. H. C. (old maids' society of hopeless cases) . . . . . Dick Rush is doing a magnificent job on television–he lights the candles and dusts the piano keys before the "Liberace" show . . . . . Lois Stiles is a deep sea diver hunting "Fish" (W. B.) . . . . . Donna Boughner manufactures upper plates for toothless crocodiles . . . . . Tom Houser and Dick Eggleston have replaced the all-time favorite recording stars, "Homer and Jethro"–They tour all the famous night spots, including Ted Hoff's place, "The Latin Quarter" . . . . . Jo Ann Swartz is employed in an Insane Asylum in Germany and guess who her most violent patient is?–Erich Steiner who is still recuperating from his experiences with the Senior Class of '54 . . . . . Colleen Leise is working in a sardine factory. She closes the sardines' eyes before sealing the can. (You think it's funny? How would you like to open a can of sardines and see 14 slimy fish staring up at you?) . . . . . Joan Graczyk has made her fame in jazz singing and is known to be the last of the Red Hot mammas . . . . . Addie Lou Jackson is a nurse specializing in the removal of splinters from the hands of people who scratch their heads . . . . . Roxanne Fellows has a contract with the St. Louis Browns–(as bat girl!)

VIEWS OF OUR EXCHANGE STUDENT

During the year I am spending in the United States, many students are probably thinking about the actual reason of my coming over to America. Therefore, I would like to tell you more about the organization that sponsored me: It is the American Field Service. The American Field Service International Scholarship is an open door which leads to understanding and friendship among the people of the world. It brings students from abroad to attend American High Schools for a school year of study and experience, and during the summer sends American teen-agers abroad to live with families. In this way future citizens of the world learn to respect the similarities and differences of those who may live in different countries, but whose dreams and efforts are directed toward a single goal of a peaceful and useful life.

The American Field Service International Scholarship could not carry on its program alone. Schools waive tuition and offer fees. Families willingly enlarge their family circles and welcome students into their homes. Communities generously pool their resources to sponsor students in their schools, and the general public contributes funds. All these make it possible for AFSIS to swing wide the open door to a friendlier world.

It is not so long ago, when we realized the evils of the propaganda of war. People start to hate each other and don't know why, just because they meet each other as foes in war. May God help us to avoid a third war, which might destroy millions of people because of its many technical developments. The ancient Aryan people already knew by their statement: "Walk together, talk together, O ye Peoples of the Earth, Then shall ye know one another and have Peace." That peace is only in this way accessible.

During the year I have been allowed to get acquainted with the American people, (I don't want to fish for compliments; which are supposed to make you happy, but) I really can say that I have never met so many nice and thoughtful people in my life, as I have in the United States. Many people and students became to me so dear that the leaving of America (Churchville) is a real hard one for me. It will probably be the highlight of my whole life that I was able to stay for one year in Churchville.

Therefore, I would like to thank all the wonderful teachers and students who have made this year a real pleasure to me.

I don't know how to thank you for all the things you did for me. The only thing I can do is to tell in Germany about my experiences in the United States and about the kind people, in order to make their acquaintance with the real Americans; not with the ones they saw only in war in form of bombers above the cities of Germany. I am sure that I will succeed in helping to bring a further progress in friendship between America and Germany.

May God help me to do my small part right, in obtaining a real world peace; which cannot be threatened by any power in the world.

Sailing the high seas in the school year 1953-54, the Junior Class prospered under the combined guidance of Mrs. Root and Mrs. Kirby. Katherine Hoehn was elected first mate, Dale Pederson second mate, Donald Osborne log keeper, and Ann Schur keeper of finances.

In early December the Juniors received a long-awaited treasure, their class rings.

Four girls represented them on the cheerleading squads and several boys were active in sports.

In January they sponsored a movie, "Oh, You Beautiful Doll," which brought in more loot for the class treasury. A dance and skating party also added to the fun. At present they are awaiting the Junior-Senior picnic, which will bring this prosperous year to a close.

The year 1953-54 is notable for progress because on October 16th, 1953 the voters of our district approved a bond issue to build a 24-room elementary school on Fairbanks Road.

The amount of preliminary work which must be done before the first spadeful of earth can be turned is amazing to anyone not familiar with New York State procedures.

First, the land titles must be cleared and the sites purchased. Next the architect and the Board of Education must agree on the broad outlines of the building. Then preliminary plans must be prepared and an appointment made to Education Department. When the State Department is satisfied with the final plans and specifications, public bids must be taken on the four basic contracts. After satisfactory bids have been accepted, we are ready to start the building.

It is hoped that such a start will have been made by the time the '54 "Crest" is in your hands, but at all events the new building must be ready by September of 1955.

Our Sister Ships located in the Churchville-Chili Districts are looking forward to the time when they will move into new quarters and be one big happy crew. For the time being each ship, under expert Captainship, is steering toward great fields of learning knowing that soon they will be secure in a new port with "ship shape conditions."

The Yearbook Staff sincerely hopes that they will no longer have to serve in the "galley" of outlying districts, but will soon be promoted to a "Captain's Quarters" complete with modern conveniences which will better facilitate their future education.

~ AUTOGRAPHS ~

Producing a fine yearbook requires the constant cooperation and labors of all staff members. Judged in this light, the 1954 edition of the Crest should meet with at least some degree of success, for the entire staff contributed it's utmost effort to it's production.

The editors wish to extend their appreciation to their able advisers, Mrs. Connors and Mrs. Root, for their untiring efforts which they so generously contributed, and without which this book could not possibly have been completed.

The excellent art work is due to the efforts of our exceptionally capable art staff, whose many hours of hard work contributed so much to the appearance of this yearbook.

Our sincere thanks are extended to the Literary Staff, who, we feel also did a marvelous job in the literary field.

To help carry the financial burden of producing a yearbook, advertising must, of course, be sold. This job was ably executed by our very efficient advertising staff.

The publicity, which helped encourage you to purchase the book you are now reading, was solicited by the Publicity Staff which also deserves a great deal of credit for a job well done.

The small but able Photography Staff,we feel, did a super job of producing such wonderful pictures.

All copy in the book was typed by the Typing Staff whose many hours of tiresome work with few errors greatly aided us in meeting our deadline.

Results of games were obtained by our Sports Staff who was always ready to lend a hand.

The members of the respective staffs are:

ART STAFF:–Jim Coulson, art editor; other members are Lois Stiles, Dick Beswick, Ann Daugherty.

LITERARY STAFF:–Pat Lins, literary editor; others are Darryl Rusk, Dick Rush, Vickie Pringle, Ann Schur, Don Osborne.

ADVERTISING STAFF:–Dorothy Leibeck, manager; others are Roxann Fellows, Virginia Burns, Dick Eggleston, John Daycock, Ben Daycock, Janet Stuart, Katherine Hoehn.
